School Management and Reporting platform for High Schools and Primary Schools

I-LEARN WELL – is an installable system that provides a platform which automate the work flow of the administration and teachers.

1. What it does for administration

- Easy registration of teachers and students with automated validation forms.
- Deny / permit teachers to access the system for different reasons i.e. suspension.
- De-register teacher / student when applicable.
- Easily access teacher / student personal details in click of a button.
- Easily assign / reassign roles to teachers i.e. classes and subjects, class teachers etc.
- Easily keep track of student performance.
- Easy get student report for current and graduated students, a button clicks away.
- Get class lists and print.
- Easily access important teacher's employment information i.e. Employment No, TSC No, Post No etc.
- Easily access student important information i.e. parents contacts, health condition, enrolments etc.
- Add and remove subjects in the school.
- Access all school management tools and statistical information of the school at a click of a button.

4. What it does for teachers

- Access student important information i.e. personal details, student health, parent/ guardian contacts etc.
- Access all subjects and classes he/ she teaches.
- Access all students enrolling in each subject and class and able to print lists.
- Automatic computation of CAs and grades.
- Automated student register production.
- Automatic production of student results, subject positions and class positions.
- Automatic production of innovation record scheme.

2. Additional Advantages

- Data security
- Data Integrity
- Centralized Data Management.
- Data recovery
- Minimize redundancy and inconsistency
- Data concurrency
- Data searching
- Data sharing
- Fast and reliable
- accuracy

3. What it does for school bursar (Optional package)

- Easily get list of owing students
- Easily get student balance paid.
- Easily access list of OVCs
- Easily record student's payments to the school.
- Note that the system will not print reports for owing students (but this setting can be changed as per school request at setup).
